A Rose to the Living

A rose to the living is more
Than sumptuous wreaths to the dead:
In filling love's infinite store,
A rose to the living is more,
If graciously given before
The hungering spirit is fled—
A rose to the living is more
Than sumptuous wreaths to the dead.

OUR 1940 LITTLE ROSE BOOK

Offering you the finest Northern-grown Rose Bushes for your spring planting.

Our ever-growing success has been attained mostly through recommendation from our customers to their friends, merited by the quality and service we have persistently supplied.

Visitors looking over our fields are always amazed, never expecting to see 30 acres of such sturdy, hardy, well-grown bushes, and then the larger fields of young stock coming along for next year.

A most outstanding Rose-grower, a friend and competitor of ours, after seeing our plants, said, "This is my last stop on a trip during which I have visited all the important Rose-growers from coast to coast, and, to tell you frankly, Gerard, I have seen none better; in fact, I doubt whether I have seen many as good. If these don't produce good results, no others will."

We are located along the shores of Lake Erie, with its sweet-water moisture in the air during the hot days, and its cold breeze from the north in early fall, so helpful for proper ripening of the plants. When we know of a better place to grow Roses for you, we will move there.

OUR GUARANTEE IS YOUR SAFEGUARD

Every plant is guaranteed to be true to name, and to grow and bloom the first natural blooming season after planting. Every plant not true to name or failing to grow and bloom will be replaced without any cost to you the next spring or fall, provided you notify us before September 1.

We guarantee every plant to be a healthy, top-grade one, two years old, budded on Japanese Multiflora understock, and to reach you in *perfect* condition.

—Gerard K. Klyn, *Owner.*

KLYN'S DO-BLOOM

Hybrid Tea or Everblooming Roses

The ancients crowned the Rose the "Queen of Flowers" thousands of years ago, and its fragrant beauty has influenced civilization all up through the ages.

These lovely flowers are undergoing improvement all the time, and, being Rose-lovers, we enjoy the expensive pleasure of testing the new varieties, so that only the best of the novelties will be added to our Catalogue each year.

All Roses in this section 75 cts. each, unless otherwise noted

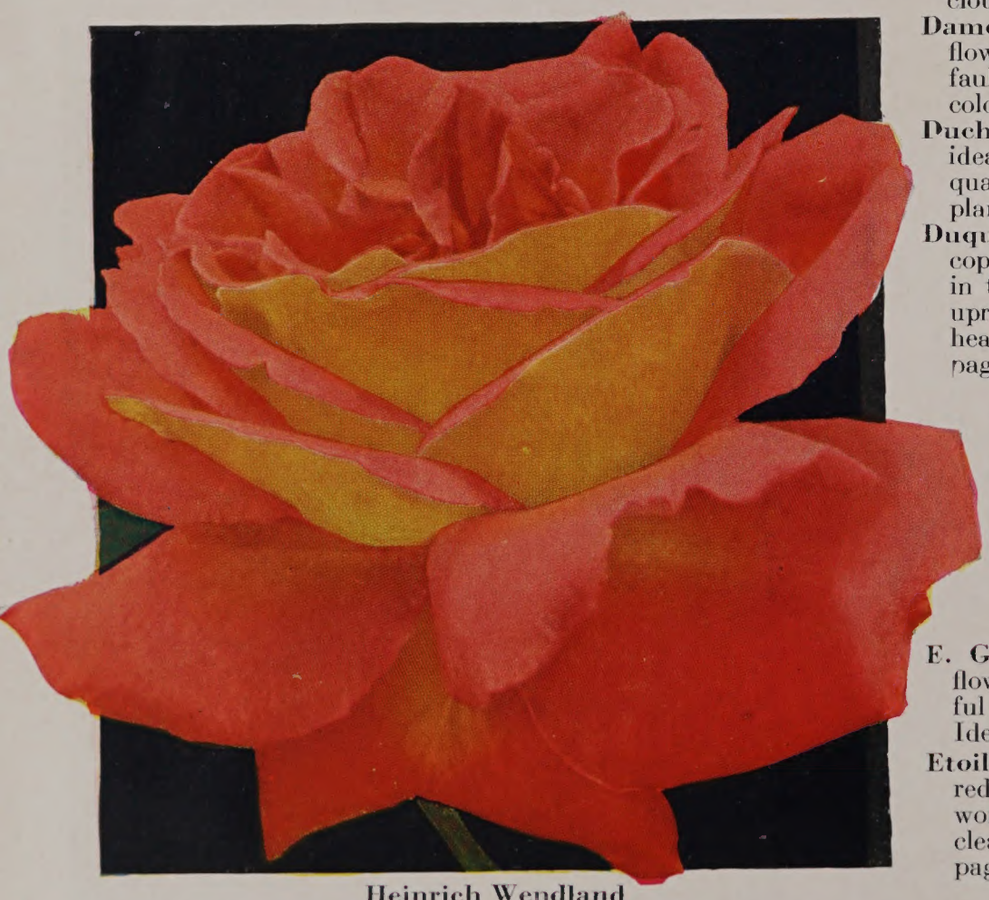
Ami Quinard. Semi-double, rich maroon flowers with that sweet old Rose fragrance. Strong, upright grower. See color illustration on page 8.

Autumn. An extraordinarily colored bloom of burnt sienna shadings, on strong stems. The plants have dark green, glossy foliage.

Betty Uprichard. Vigorous, healthy plants with semi-double flowers of good size and substance, brilliant orange-carmine inside, reverse light salmon. See color illustration on page 9.

Briarcliff. An almost thornless plant with fragrant rose-pink blooms. One of the finest for cutting.

Caledonia. Large, full, fragrant, pure white flowers on long stems for cutting. A healthy, vigorous grower.



Heinrich Wendland

Cathrine Kordes. Large, double, glowing carmine-scarlet flowers come singly on erect, strong stems. Attractive, symmetrical plants with disease-resistant foliage. See in color on page 8.

Charles K. Douglas. Blooms all the time. The large, loose flowers are unfading carmine-scarlet; plants with healthy foliage. See color illustration on page 9.

Christopher Stone. Great big, loosely formed flowers of unfading scarlet-crimson are freely produced on a fine healthy plant. Old-time fragrance adds to the value of this important new Rose. See color illustration on page 12. $1.00 each.

Condesa de Sastago. This beautiful red and yellow Rose is outstanding in every respect. It is a strong grower and is very free flowering. Deliciously fragrant. See in color on page 8.

Dame Edith Helen. An exhibition and cut-flower Rose. Large, clear pink flowers of faultless form, deliciously scented. See color illustration on page 8.

Duchess of Wellington. We think this the ideal yellow on account of its many good qualities. A vigorous and very floriferous plant. Apricot fragrance.

Duquesa de Penaranda. Large flowers of coppery apricot which take on richer tones in the fall. It is fragrant. The plants are upright in growth and have attractive, healthy foliage. See color illustration on page 10. $1.00 each.

Edith Nellie Perkins. Outside of petals Oriental red, cerise, and orange, the inside salmon-pink. Fragrant. Splendid form, and strong plants which bloom freely. See color illustration on page 8.

Editor McFarland. Perfectly formed, brilliant rose-pink flowers for cutting. The plants are vigorous and bloom freely. See color illustration on page 8.

E. G. Hill. Large, full, brilliant crimson flowers of perfect form with a most delightful fragrance, borne singly on erect stems. Ideal for cutting. Very free flowering.

Etoile de Hollande. Its fairly full, brilliant red flowers open in all weathers and have wonderful fragrance. Vigorous habit and clean foliage. See color illustration on page 8.

Faience. Enormous blooms of pink and coppery rose inside, with a pinkish yellow reverse. It blooms freely in early summer and again in the fall. Vigorous growth. $1.00 each.

Glowing Carmine. The name describes its color. Beautifully pointed buds which open into perfectly shaped flowers. Strong growth and good foliage. 85 cts. each.

Golden Dawn. Large, globular, straw-yellow buds with old-rose markings, open to fully double, soft lemon-yellow blooms with real Tea Rose fragrance.

Golden Rapture. Lovely yellow buds open to large, shapely blooms of clear yellow which fades but little. A fine Rose for cutting as it lasts well. See color illustration on page 12. 85 cts. each.

Grenoble. A vigorous grower producing beautiful scarlet-crimson flowers on long, strong stems. Fine for cutting. See color illustration on page 6.

Faience

Hinrich Gaede

Gruss an Aachen. Fully double, flesh-pink-salmon and yellow flowers in endless profusion on plants with rich bronzy foliage.

Heinrich Wendland. Large, double flowers of reddish copper flushed with orange. A spectacular Rose on a good plant. See color illustration on page 6.

Hinrich Gaede. One of the highest-colored Roses in existence—vermilion and nasturtium-red, lasting better than is usual in these brightly hued varieties. Bushy plants which are quite free. See color illustration. 85 cts. each.

Joanna Hill. An important member of the Ophelia family with shapely flowers of orange-yellow. It is easy to grow and the plants have disease-resistant foliage. See color illustration on page 8.

Kaiserin Auguste Viktoria. The pure white flowers have very good form, exquisite fragrance, and are long-lasting cut-flowers. Plants are better than average.

DO-BLOOM

Hybrid Tea or Everblooming Roses

Korovo. Here is a Rose to get excited about! Beautiful buds develop into nicely formed flowers of old-rose brightened with the tints of a newly opened peach blossom. They carry delicious fragrance and are just about the nicest Roses we know for cut-flowers. The plants are sturdy and free-blooming. You will like Korovo. See color illustration on page 12. 85 cts. each.

Lady Alice Stanley. One of the finest of the pink Roses with very double, fragrant flowers of pale flesh-pink with coral-rose reverse. Always dependable.

Lady Ashtown. One of the most perfect of all pink varieties. Plants are strong and bloom freely.

Los Angeles. Lovely buds and exquisite salmon-pink flowers with golden shadings.

Margaret McGredy. Large, double flowers of brilliant scarlet, overlaid with orange-vermilion. Strong, healthy plants always in bloom.

Max Krause. One of the best golden yellow Roses for outdoors. Cup-formed blooms of great substance, which are borne freely on long stems. 85 cts. each.

McGredy's Gem. Cupped flowers of creamy pink with a yellow base, rose-pink toward edges. A profuse bloomer. 85 cts. each.

McGredy's Ivory. Long-pointed, ivory-white buds opening to perfectly shaped, double flowers with sweet fragrance.

McGredy's Scarlet. Striking red flowers on vigorous plants. See in color on page 7.

McGredy's Yellow. Perfectly formed, bright buttercup-yellow flowers of large size. $1.00 each.

Duquesa de Penaranda

Mevrouw G. A. van Rossem. A blend of vivid orange and apricot on a yellow ground.

Miss Rowena Thom. The great flowers, fully 5 inches across, are of brilliant rose-pink.

Mme. Butterfly. Perfectly formed, pink flowers just about as nice as a cut-flower could be. The plants are generous with their bloom.

Mme. Joseph Perraud. Shapely flowers of a wonderful combination of orange and salmon. The plants branch freely, and really bloom. See color illustration on page 7. $1.00 each.

Mme. Jules Bouche. Long-pointed, high-centered white flowers, slightly tinted with pink. The plants are quite tall. It is a reliable bloomer almost everywhere. See color illustration on page 9.

Mrs. Charles Bell. A salmon-shell-pink sport of Radiance unlike any other. Pleasing fragrance.

Mrs. E. P. Thom. Pure yellow flowers of splendid form are freely produced on one of the best plants grown today. Fragrant.

Mrs. Henry Morse. Exquisite buds and flowers of two-toned pink, fragrant, freely produced

Mrs. Pierre S. du Pont. Double flowers of rich golden yellow. Spicy fragrance. See color illustration on page 8.

Pink Dawn

Rouge Mallerin

Souv. de Jean Soupert

Mrs. Sam McGredy. The flowers have fine form and are a blend of scarlet and coppery orange impossible to describe. Bushy plants with beautiful bronzy foliage. See color illustration.

Pink Beauty. Beautiful cupped flowers of clean, glowing pink, the liveliest pink Rose we have ever seen. The blooms are deliciously fragrant and the splendid healthy plants produce them continuously during the season. This is a real Rose. See color illustration on page 12. 85 cts. each.

Pink Dawn. Long-pointed buds and fully double, sweet-scented flowers of a lovely shade of pink running to an orange base. Strong grower with excellent foliage. See color illustration on page 10. $1.00 each.

President Herbert Hoover. A strong grower which produces its slender blooms on 2-foot stems. The color is an arrangement of cerise, pink, flame, scarlet, and yellow. See color illustration on page 8.

Mrs. Sam McGredy

President Plumecocq. Ovoid, copper-yellow buds opening to fragrant flowers of coppery buff overlaid with deep salmon. See color illustration on page 12.

Queensland Beauty. An Australian sport of Golden Dawn, and like its popular parent in all respects except color, which is coppery pink. It is fragrant. A thoroughly dependable pink Rose.

Radiance. Most popular Rose in the world. Two-toned pink with shades of carmine and yellow intermingling. Delightful fragrance. See color illustration on page 9.

Red Radiance. A sport of Radiance just like its parent in everything except color, which is a dull shade of red. See color illustration on page 9.

Roslyn. Large blooms of rich unfading yellow on a vigorous, compact bush. See color illustration on page 8.

Rouge Mallerin. A fragrant, long-lasting bloom of burning scarlet. The petals have a heavy pile which makes them look as if cut from a piece of velvet. The upright plants are healthy. See color illustration on page 10. 85 cts. each.

Sœur (Sister) Therese. A vigorous grower producing long-pointed, chrome-yellow buds marked with carmine, opening to daffodil-yellow flowers. See color illustration on page 9.

Souv. de Jean Soupert. A bed of this Rose is always good to look at. The plants are healthy, with attractive foliage, and they are always in bloom. Its very fragrant flowers are informal in shape and the color is rich deep cream. We recommend it highly. See color illustration.

Souv. de Mme. C. Chambard. Beautiful coral-pink flower with a satiny pearl shading. Pleasing fragrance. Strong, upright plants.

Talisman. Fragrant, double flowers containing shadings of golden apricot, yellow, and old-rose. Fine grower with glossy foliage.

Thomas A. Edison. Unusually vigorous plants with large, cupped flowers of silvery pink. Especially good in hot weather.

Ville de Paris (City of Paris). Upright plants and shapely flowers of rich buttercup-yellow. Deliciously fragrant. See color illustration.

KLYN'S DO-BLOOM

Hybrid Perpetual Roses

This class requires less care than the Hybrid Teas and yields an abundance of flowers in June with scattering blooms in autumn. Nice in the shrubbery border or in the background of a bed of Hybrid Teas. They are especially valuable for cool climates where the Hybrid Teas are difficult to carry over, and the plants get better every year. The varieties listed below are the cream of their class, comprising a full range of color.

Frau Karl Druschki. Long-pointed, white buds stained with pink, and immense, snowy white, open flowers. 75 cts. each.

General Jacqueminot. The old General Jack Rose. Large, double, fragrant flowers of clear red. 75 cts. each.

Georg Arends. Great, shapely buds and high-centered flowers of an exquisite shade of pink. Fragrant. 75 cts. each.

Gloire de Chedane-Guinoisseau. Lovely flowers of dark velvety crimson. Splendid, free-blooming plants. 75 cts. each.

Henry Nevard. Large, double, fragrant flowers of crimson-scarlet are produced all season. 75 cts. each.

Mrs. John Laing. Double, clear pink flowers. Fragrant. 75 cts. each.

Paul Neyron. Immense blooms of dark lilac-rose. Very fragrant. 75 cts. each.

Prince Camille de Rohan. A strong-growing plant with deliciously fragrant flowers of dark crimson, shaded blackish maroon. 75 cts. each.

Ulrich Brunner. Large, fragrant, cupped flowers of cherry-red. 75 cts. each.
